**Framework Elements Addressed** (place an "X" mark for the key framework element impacted by this project. Only one element can be assigned a score of "3". An "X" mark under "2" or "1" indicates that there is some impact on this element, but to a lesser degree.)

FRAMEWORK ELEMENTS	1	2	3
Human Capital: Talents and Skills		X	
Accessibility and Affordability of Devices	X		
Platforms, Apps, Content, and Data			X
Infostructure/Infrastructure		X	
Standards, Regulation, and Policies		X	

**Strategic Trends/Enablers** (place an "X" mark beside the strategic trends/enablers below which have a major effect on this project; choose at least 1 and at most 5.)

STRATEGIC ENABLERS	
Fourth Industrial Revolution	X
Artificial Intelligence	

Big Data	X
Cloud Computing	X
Internet of Things	
Blockchain	
5G Networks	
Smart Cities	
Intelligent Transport	
Fintech	
Health Informatics	
Cyber Resilience	X
Future Skills	
Capacity Building	X

**Alignment with DICT Strategic Thrusts** (Addressed (place an “X” mark under “3” for strategic thrust most closely aligned with this project. Only one strategic thrust can be assigned a score of “3”. An “X” mark under “2” or “1” indicates that there is some alignment, but to a lesser degree.)

STRATEGIC THRUST	1	2	3
Participatory e-Governance			X
Industry and Countryside Development	X		
Resource-Sharing and Capacity Building Through ICT		X	
Improved Public Links and Connectivity		X	
ICT User Protection and Information Security			X
Enabling and Sustainable ICT Environment			X

<b>Expected Outcomes</b>	<p>The project's vision is a one-stop shop of government data, information, and services. Its mission is to make frontline services "truly efficient and people-friendly" and to make ICT tools serve the people.</p> <p>The creation of a single portal that will house all government information and services is meant to help Filipinos experience ease in navigating through government information and obtain quality service. The portal will also be a repository of government open data that can serve the purposes of agencies in the exercise of their mandates and core functions.</p> <p>The goal is not only to make GOV.PH the home of all of the government's online content and services but also to provide citizens with a platform where they can tell the government what they need.</p> <p>Other objectives are to:</p> <ul style="list-style-type: none"> <li>• Project a more open and transparent image of our government;</li> <li>• Promote the efficient delivery of public services;</li> <li>• Promote a uniform brand and image of government to users;</li> <li>• Make it easier for the national government to monitor service delivery performance; and</li> <li>• Improve collaboration and partnership among government agencies and their stakeholders.</li> </ul> <p>The project hopes to achieve:</p> <ul style="list-style-type: none"> <li>• Happier and more satisfied citizens and other users of online services;</li> <li>• Continued improvement in the Philippines' UN e-Government ranking;</li> <li>• Easier and more economical aggregation of government resources and information;</li> <li>• Faster government transactions, processes, and services through the use of online forms; and</li> <li>• Increased efficiency of communications between and among the government, citizens, and business users.</li> </ul>
